IT IS VERY CLOSE!

The Democrats Elect the Governor and Carry the Legislature in Montana.

HELENA, Mont., Oct. 3.—At this hour, 2 a. m., it is impossible to tell which of the candidates for congress is elected. The legislature is democratic by ten majority on joint ballot and all the important state offices go to the democrats.

10 a. m.—The election of Toole for governor by a majority of 400 is claimed by the democrats. They concede Carter's election for congress by 900 majority. The legislature is claimed by the democrats by eleven on joint ballot. The republicans claim the election of Power over Toole by 300 majority, and also claim the legislature by a small majority. The republicans have probably elected all the state ticket below governor.

Returns from outside precincts are coming in very slowly. Carter's (rep.) election to congress, is now conceded by the opposition. Both sides still claim the governorship. It may require the official count to determine the question, so close is the race between Power and Toole.

The legislature still hangs in the balance. If Seven Bow county gives but three republicans out of eleven the legislature will be all right. The majority of the state ticket is republican, but big figures have been knocked into splinters. Most of the Lewis and Clarke counties republican tickets have been elected by small majoities. The count is proceeding slowly in larger precincts and it will be hours before any definite calculation may be made with safety.

MITCHELL, S. D., Oct. 3.—Judge Edgerton has advices from legislative returns which insure his election to the senate.

GRAND FORKS, S. D., Oct. 3.—Latest returns indicate prohibition was carried by a small majority. The vote is very close and the matter cannot be definitely settled until several of the back counties are heard from.

SIOUX FALLS, S. D., Oct. 3.—The selection of Pierre as capital of South Dakota is now conceded here. To the fact that this city had a senatorial candidate in the field is ascribed the defeat. Latest returns show Pierre, 16,564; Huron, 14,328; Sioux Falls, 10,038.

THREW A BOMB.

An Attempt Made to Blow Up a Slaughter House.

NEW YORK, Oct. 3.—Shortly after 8 o'clock this morning the neighborhood of West Fortieth street and 118th avenue was thrown in wild excitement by the loud explosion of what afterwards proved to be a dynamite bomb. An investigation was made and it was learned that an attempt had been made to blow up the slaughter house of J. & C. Scanlon, 613 and 615 West Fortieth street.

The bomb was thrown into an open window, and, striking a partition, knocked it into splinters. No one was injured. As far as could be learned the bomb was thrown by one of the strikers that went out from the slaughter house last February. The damage to property will be about $500.

DAYTON, O., Oct. 3.—Workmen in a natural gas trench yesterday tapped the mains and escaping gas was ignited from a passing electric car. Immediately the trench was filled with roaring flame and the men climbing out were terribly burned. Two of the workmen were blinded and Foreman Fritz Martin's face was literally cooked.

THE OLD STORY.

He Lived Beyond His Means and Became a Thief.

MERIDEN, Conn., Oct. 3.—Charles S. Pratt, confidential book-keeper, secretary and cashier of the H. Wales Lines company, was arrested last night for embezzlement, and this morning the preliminary hearing was continued for two weeks, under $4,000 bonds, which he did not secure. Pratt's embezzlement amounts to over $10,000, covering various periods since 1882, and was accomplished by false entries on the pay roll. Pratt confessed his guilt to his employes, saying: "It is the same old story of living beyond one's means. I am a thief."

Justice Field.

NEW YORK, Oct. 3.—Justice Field, of the United States supreme court, accompanied by his brother, Cyrus W. Field, arrived in this city last evening from the Berkshire hills, where they have been visiting the old family homestead for a week. They were accompanied by Deputy Marshal Nagle, who is still under orders to travel with the judge.

MISS RUTH M. WELLS.

Death of a Pioneer Christian Lady--Sketch of Her Life.

Last night, at the old homestead, at the junction of Madison, Barr and Lewis streets, occurred the death of Miss Ruth M. Wells, aged eighty-two years.

Miss Wells has resided in this city for fifty-three years, and when Fort Wayne was a village she conducted a millinery business on East Columbia street.

She was possessed of considerable property. It is said her will gives the homestead, on which she lived, to the city if it will erect and maintain thereon an asylum for the blind. Her nearest relative is a nephew, Herman Wells, living in St. Louis. The funeral occurs to-morrow afternoon.

She was a noble, Christian lady. Her interest in the blind was due to the fact that her mother was thus afflicted for years. The will will not be opened until after the funeral.

Before her death she wrote a sketch of her life, not for publication, but for a friend who requested it, and from this manuscript we are allowed to quote, using however only a part of it:

Dear Friend:

You ask me to tell you something about my past life. I was born February 21, 1808, in the town of Canaan, Litchfield county, Conn.

When I was nine years old my parents moved to eastern New York. There I spent most of my school days. When I was seventeen years old my father moved to western New York and purchased a farm. Here I taught school for two seasons and afterwards attended a high school for one season.

As school teaching did not suit me, I set up a dressmaking and millinery establishment and continued in it for twelve years, and in 1844 we came to Fort Wayne.

I was brought up a Presbyterian and in early life made a profession of religion, but did not join church until I united with the Universalist church in this city.

FAULKNER GUILTY!

The Jury in the Great Case Return a Verdict--History of His Crime.

BUFFALO, N. Y., Oct. 3.—The great Faulkner trial, which occupied fifteen days of the time of the United States circuit court, came to an end this morning, and, contrary to all expectations General Faulkner was found guilty on the eighteenth court contained in the indictment. This count charged General Faulkner with making the report of May, 1885, to the comptroller of the currency, which report was false.

The crime for which General Faulkner was tried was the wrecking of the First National bank of Dansville, N. Y., of which he was a director and his brother James the president. The bank failed in May, 1887, with a liability of over $400,000, and practically no assets.

The bank had been in a bad condition for four years or more, but by making false reports fixing the books and negotiating loans on notes of the banks, the institution was floated until things got so bad that nothing could be done but close the doors. James Faulkner fled to Europe, but Lester Faulkner remained at home, claiming that he was ignorant of the bank's condition and had no hand in its wreck, but was subsequently indicted.

Judge Coxe this afternoon sentenced General Faulkner to seven years' imprisonment.

TELEGRAPH TALK.

A Young Defaulter Gives Himself Up to the Officers--Telegrams Cut Short.

LOUISVILLE, Oct. 3.—George Kuhn, who surrendered to the police here on Saturday last, and acknowledged that he had stolen $600 from his employers in New York, left for that city yesterday in charge of an officer.

Kuhn is but twenty-three years of age, was a clerk in a large packing house in New York, and a few months ago was promoted to the position of cashier. The first day after his promotion he took all the money he could get his hands on, and ran away. He became penniless here and gave himself up.

NEW ORLEANS, La., Oct. 3—By direction of the city council Mayor Shakespeare has ordered the closing of all the gambling houses in the city. BAYLESS SWIFT.

After Sixteen Years Connection With a Law Business, He Goes to the Pacific Coast.

Mr. Bayless Swift has resigned his position as clerk in the office of Bell & Morris and has been succeeded by Mr. John Fonhauer, a graduate of the business college of McDermut & Whiteleather.

Mr. Swift first entered the employ of Coombs & Miller sixteen years ago. This same Miller, by the way, is W. H. H. Miller, the recently appointed attorney general.

Mr. Swift remained during the several changes of the firm to Coombs, Morris & Bell, Coombs, Bell & Morris and finally leaves the employ of the firm known as Bell & Morris.

There is no man better known in legal circles hereabouts than Mr. Swift. Although he is well posted on technical questions of law and has brilliant attainments, he was modest about it. Other people found it out for him.

He resigns to go to the Pacific coast, from whence he came when he accepted the position he now leaves.

After sixteen years among archives of a lawyer's office in Fort Wayne, he leaves behind pleasant memories and a large number of friends.

THE SENTINEL expresses a wish that he may find a congenial home in the Golden state.

FROM FAME TO POVERTY.

The Sad Circumstances Surrounding Mr. and Mrs. George S. Knight.

Last evening, at the Temple, Mrs. George S. Knight played to an audience of about 200 people. Her engagement here was a losing one, notwithstanding the efforts of several gentlemen who purchased seats liberally and exercised their influence in her behalf.

Mrs. Knight has played before large audiences through the country and has night after night evoked enthusiasm and favorable comment by her vivacious acting, agreeable singing and handsome costumes and it seems a pity that under the existing financial conditions and and her domestic troubles that she was not accorded a better reception than that of last evening.

Her husband is now at Asbury Park, N. J., under the care of a prominent physician and he is dying of softening of the brain. When he and his wife started out with "Baron Rudolph" they had nearly $50,000 in bank.

To-day they are the same as penniless, for Mrs. Knight is out on her venture at the expense of a man in the east who has faith in her powers as an actress.

NEW MAIL BOXES.

They Will Keep Letters Dry and Can Not Be Robbed--To Be Placed in This City.

Postmaster Higgins is in receipt of a letter from the postmaster general to the effect that new street mail boxes will be placed in position in this city as soon as a sufficient number can be manufactured for delivery.

The new street boxes have been adopted by the postmaster general. The patent was obtained by Willard D. Daremus, and was applied for as a result of a circular sent out by the democratic authorities.

The department is dissatisfied with the present box not only because it gives but little protection against the weather, but also because newspapers can not be placed in it. Everyone knows the custom of piling newspapers on letter boxes.

The construction of the new box is odd, and is so arranged that robbery is impossible. A feature of it is that a disk marks the hour at which the mail will be collected.

The whole thing is simple yet effective. It is strong and is not apt to get out of order.

THE OLIVER HOUSE.

Mike and Jennie Wickliffe, True to Their Promise, Take Steps to Clear the Bad Name of Their House.

Mike and Jennie Wickliffe, true to their promise, have sent away the giddy females from their establishment, and they say that hereafter the Oliver house will be conducted as a respectable hostelry.

It is to be hoped that the stain on this house of ill repute will be removed and that if Mr. Wickliffe and wife are sincere in what they assert, they will be encouraged in their reform.

It is understood that the girls of the hotel left yesterday for Colorado.

W. H. Hoffman and family have returned home.

OHIO HORROR!

Eleven Persons Killed at Lima, Ohio, by an Upheaval of the Earth.

LIMA, O., Oct. 3.—Eleven men are reported to have been killed and wounded in a quarry near here by an upheaval of the earth, which was followed by the spouting of a subteranean stream of water 200 feet into the air. No particulars are yet at hand.

AN ADVERSE DECISION.

An Ohio Judge Gives the Standard Oil Company a Black Eye.

FINDLAY, O., Oct. 3.—In the Hancock county court yesterday Judge Pendleton delivered an opinion adverse to the Standard Oil company in the famous injunction suit of that county against the Toledo, Findlay and Springfield railroad company. The court denies the legality of the position taken by the Standard company that their leases of oil and gas lands included the right to control the surface to such an extent as to prevent the owners from giving or selling the right of way across it for a railway on other highways. The Standard company will appeal the case to the circuit court.

THE TEXAS WAY.

A Fatal Duel on the Street Between Two Ex-Sheriffs.

LLANO, Tex., Oct. 3.—Some time ago trouble arose between W. L. Beeson and Harry Roberts, both ex-sheriffs of this county. Yesterday the two men met on the street and commenced firing at each other. Two bullets struck Beeson in the body and one in the head, killing him instantly. Roberts was fatally wounded. It is feared that the trouble will be taken up by friends of both parties and that further bloodshed will occur.

THE CIRCUIT COURT.

Cases Dismissed--The Guardian Docket--The Circuit Court Jury.

The following cases have been disposed of in the circuit court:

John L. Nicholson vs. Charity M. Nicholson, appeal; dismissed. Cyrus F. Mosier vs. Achsah Crippen et. al., foreclosure; dismissed. Adam H. Bittinger vs. Peter Kiser et. al.; dismissed.

The guardians' docket will be called next Monday morning. Guardians in default will be expected to report at that time.

The circuit court jury for the ensuing term has been drawn. This jury, outside of the challenged persons, will serve on the Barrett murder trial, and the vacancies will be filled by persons from the special venire. The jury is as follows:

Wm. B. Reed, Adams township.
John Thimler, Milan.
Perry Johnson, Eel River.
John M. Shiver, Pleasant.
Thomas Greer, Pleasant.
Samuel K. Watterson, Eel River.
Franklin Roberts, Springfield.
John Small, Maumee.
Christian Youse, Madison.
Bartholomew Downing, Adams.
W. H. McClellan, city.
Paul Trier, Adams.

A DISTRESSING ACCIDENT.

Ex-Postmaster Muller, of Leo, With His Wife and Baby, Thrown From a Vehicle--The Baby Injured.

This afternoon ex-Postmaster Muller, of Leo, was about to drive his team up to the wholesale house of A. C. Trentman when the horse shied and became unmanageable. The animal turned short at the corner of Washington street, upsetting the wagon and throwing Mr. Muller, his wife and baby violently to the pavement.

Mr. and Mrs. Muller were uninjured, but the child was extricated from the wreck with blood trickling down its head, and it is feared the injury is very serious.

A buggy belonging to Mr. A. D. Cressler was struck and had a wheel taken off.

Mrs. A. Schulta, the southside milliner, has just returned from Cleveland, where she visited a French millinery pattern room, and also selected a fine line of American millinery. Mrs. Schulta invites inspection of her fall stock, as there is no better in the city. Prices to suit all. 3-2t

Removed.

The general offices of the Fort Wayne, Cincinnati and Louisville railroad—"Muncie Route"—are now in the Trentman building, right in the center of the city, where all who are contemplating a journey in any direction are invited to call for information.

Fort Wayne Sentinel.

E. A. K. HACKETT, Editor and Proprietor.

THURSDAY, OCT. 3, 1889.

FORT WAYNE will have free natural gas until November 1.

THE Thanksgiving turkey has about eight weeks longer to live.

THE people of Indiana favor Chicago as the proper location for the world's fair.

THE senatorial aspirations of the president's son, Russell Harrison, are dashed to the earth by Montana's election.

THE SENTINEL sends its greetings to the old soldiers who are holding a reunion in the city to-day. The nation's soldier heroes will always hold a sacred place in the hearts of Americans.

IT is the opinion of a good many people, in and out of Indiana, that Mr. Roberts, the governor's private secretary, would fill the gubernatorial chair quite as gracefully as his excellency.—*Yesterday's Fort Wayne Daily News.*

What does that mean?

THE four new states bring in an area about equal to that of all New England, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Ohio, Kentucky and Indiana. It is an area three times as great as the British Isles.

EX-GOVERNOR JOHN A. MARTIN, of Kansas, died yesterday. The deceased was prominent in Kansas politics and had long been identified with the republican party in that state. His term of governor of Kansas expired last year. He was also editor and proprietor of the Atchison *Champion.*

A NUMBER of the survivors of the Indiana legislature of 1861 have issued a call to other members and officers of that turbulent period to join them in a reunion November 26, 1889, at Indianapolis. Their object in issuing this call is to form a permanent organization and keep it up as a social organization, and also take suitable action towards paying some formal tribute to the memory of those who have passed away.

THE owners of natural gas lands leased to the Standard Oil company, in this state and Ohio, are astounded and alarmed by the claim of the company that it is entitled to the control of the lands for all purposes except agricultural uses. This claim is set up in an Ohio court, in the matter of the right of way for a railroad through some of these lands, the company resisting the grant from the land owners.

THE Evangelical Alliance for the United States will hold a national meeting in Tremont Temple, Boston, the 4th, 5th and 6th of December next. An attractive program has been prepared, including the names of many eminent clergymen and laymen. The alliance conference met at Washington two years ago, and the meeting attracted much attention and was productive of good results. It is expected this assembly will excite even greater interest than the other.

ANOTHER of Harrison's appointees—and from Indiana—has come to grief. C. Hornady, recently appointed to a lucrative timber inspectorship, has been indicted by the Green county grand jury for obtaining money under false pretenses. He represented to Thomas J. Pickard, it is said, that he owned 1,200 acres of land and 1,005 head of cattle, and on this statement Pickard sold him a lot of cattle. It has been ascertained that Hornady had neither land nor cattle.

AFTER the admission of the two Dakotas, Washington and Montana there will still remain five territories that will be candidates for admission. Four of these have at some time formulated constitutions that have been left to season. Two of these, Idaho and Wyoming, are now engaged in changing their constitutions. The third one, New Mexico, is about to engage in the same work. The question of the admission of the five territories will probably come before congress at the next session.

BENJAMIN C. JONES, only son of the Chicago millionaire street railway magnate, Jersuha Jones, has been adjudged insane and committed to the state asylum at Kankakee. Dissipation was the cause of the young man's mental wreck. About six years of champagne, absinthe and their accompaniments effected the result. Meantime, he lost nearly a quarter of a million of dollars on the board of trade. As an expedient to check his excesses marriage to a worthy woman was tried, but proved of no permanent avail. Recently young Jones developed a mania for extravagant purchases, spending in six weeks, during the absence of his father, $25,000 for personal apparel and similar objects of outlay. One of his orders was for $8,000 worth of fire works, representing scenes from "Little Lord Fauntleroy." As if to make matters worse, suicidal tendencies were fast becoming manifest in the millionaire's son. Thursday last he was adjudged a lunatic. The wealthy father bore up until the proceedings were ended, and then he had to be borne from the judicial chamber in hysterics.

A PROMISING PILGRIMAGE.

How Fort Wayne Commandery Will Go to the Triennial Conclave of Knights Templar and Who Will Attend.

The much talked of and much prepared for pilgrimage from all parts of the country to the triennial conclave of the Knights Templar to be held at Washington, D. C., next week, is just now exciting a great deal of interest.

The train will afford accommodations to the commanderies of Valparaiso, Plymouth, Warsaw, Lima and Fort Wayne only.

The commandery quarters at Washington are at Mrs. Kessler's, 1404 H. street, northwest, corner Fourteenth street.

At the Indiana headquarters, Monday evening, Fort Wayne commandery will entertain, on behalf of Indiana, between the hours of 6 and 10 o'clock. The sum of $5,000 is contributed for this purpose.

FACTS ABOUT THE ORDER.

The following facts regarding the Knights' Templar conclave and the body which is to hold its celebration, may interest the public:

The grand encampment of the United States was organized June 22, 1816. It is invested with power to regulate the order in general, the state grand body reserving to themselves certain rights of local government. It has the power to charter individual commanderies of Knights Templar in districts where there is no grand or state body and has supervision over the question of uniformity in action and regulation. The "Religious and Military Order of Knights Templar" dates back to the crusades. Although the present system differs entirely from the objects of the original Knights Templar, still many, if not all, the ceremonies have been maintained. The original order, which was for the protection from the Saracens of pilgrims visiting the Holy City, which was founded by Baldwin II, King of Jerusalem in the year 1118. From this year the order reckons, therefore the present Templar year is A. O. 771. Hugues de Paynes was the first man of this order, and is regarded by many as the founder. Men belonging to the noblest families of Europe became members of the order, and in 1128 the popes—for the Roman pontiff then recognized the Knights—issued rules and regulations, prepared expressly by St. Bernard, for its governance. Despite persecution the order has existed to the present time, although its ostensible objects have been changed. Jaques de Molay, the grand master then become wealthy, was martyred by Phillip of France and Pope Clement, but before his death named his successor. Since that time the list of grand masters has not been broken. There are said to be over one hundred thousand members of the order in the United States.

Than this New Compound of Tar for

Wounds, Burns, Sores, Piles, Salt Rheum, Eczema, and Coughs, Croup, Scrofula, Ulcers, Varicose Veins, Bronchitis, and Consumption.

TAR-OID must not be confounded with the cheap remedies which are prepared on the theory that *Skin Diseases* are caused by *impure blood*, which is not true. They have their cause in a want of *vital action* in the skin. TAR-OID restores this action, hence it cures every form of *Skin Disease*, also sores, burns, etc. It is soothing and wonderfully healing—gratifying results follow in every case. It is harmless and can be used with perfect safety by any one. It is superior to all other remedies. There is positively nothing else like it.

TAR-OID is a sure cure for piles. It never fails. We warrant a cure or refund the money. It gives immediate relief. It is perfectly safe, yet powerful in its action.

SECOND POINT

You should read THE CHICAGO DAILY NEWS because *you have the time to read it.* There is a paper published in Australia which is as large as a blanket. This wouldn't suit you. You want a newspaper at once convenient, complete and condensed, and still you don't want to overlook anything of real importance. You don't want your neighbor to say to you, "Did you read so-and-so in to-day's paper? and be obliged to answer, "No, I didn't see that," and then have him ask you, "What paper do you read?" This will never happen to you if you read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

MIRRORING THE NEWS

As Found Around the Railroads and Manufactories of the City by Our Reporter.

A new platform is being laid at the Pittsburg freight building.

Ernest Tagtmeyer has taken a position in the Pittsburg car shops.

Charles Fitch, of the Jenney Electric Light company, is at Pittsburg.

The office of the Pittsburg blacksmith shop is being fitted up in style.

District Passenger Agent Wade, of the Wabash, was in the city yesterday.

A number of Fort Wayne people went to Kendallville this morning on the Grand Rapids.

H. M. Coffinberry, superintendent of the Baltimore and Ohio at Garrett, was in the city last night.

Rudolph Bensman has resigned as foreman at the Bass boiler shops to accept another position with the firm.

The morning train on the Grand Rapids, going north, to-day had five special coaches for those going to the Kendallville fair.

General Manager Saul and General Passenger Agent Fisher, of the Muncie, are now "at home" in their new offices in the Trentman block.

Oscar J. Fraiken, of the Bass works, had his hand quite badly mashed yesterday while loading a car of castings. He is off duty in consequence.

The pay days of the manufacturing establishments and railroads will commence next week. The first on the list is that of the Bass foundry and machine works.

C. C. Ellenwood, of the Pittsburg blacksmith shop, had his thumb mashed while at work yesterday. He is doing duty to-day as gate-keeper with his hand bandaged.

Will Bensman, clerk at the Bass boiler shops, has become a close student of Shakespeare. He is an admirer of the character of "Hamlet" and is said to surpass Booth in rendering some of Hamlet's soliloquies.

James Chamberlain, watchman at the blacksmith department entrance to the Pittsburg shops, is off duty to-day attending the reunion of the Forty-ninth Indiana battery, of which he was a member during the war.

Frank Benoy, formerly with the Fort Wayne iron works, has taken the foremanship of the Bass boiler shops and assumed the position to-day. He is familiar with the duties and will make an excellent man for the position.

Locomotives are said to be cheaper now than ever before. Fine locomotives of 105,000 pounds weight can be had for $9,000, which hitherto cost $10,200, and passenger engines, weighing 91,000 pounds, can be built at a cost of $8,700.

Thomas Gallagher is the oldest passenger conductor on the Pennsylvania system, having been in the service of the company in that capacity forty-four years. Since becoming advanced in years he has been given an easy train to look after, one which runs from Jersey City to Brunswick.

The railroad shops of the Baltimore and Ohio at Sandusky, have been removed to Chicago Junction. Eighty men have been employed, and they will be transferred to other points. This removal will be made about the 10th inst. The officials say that this is done to curtail expenses.

James W. Smith, a young man formerly in the employ of the Nickel Plate railroad, has been adjudged insane at Joliet, Ill., and sent to the asylum at Kankakee, Ill. He was discharged from the company's service for drunkenness. He then became very dissipated and this led to his insanity.

The pay roll of the Pennsylvania lines west of Pittsburg is estimated as high as $1,250,000 a month, of which one-half is distributed among the employes of the northwest system and the remainder is absorbed by the salaries and wages on the Pan Handle and Chicago, St. Louis and Pittsburg systems.

Herman Hobrock, who is quite a genius in his way, and one of the most useful men about the Pittsburg shops, has arranged an engine and boiler with a sawing arrangement attached for cutting up old railroad ties and other lumber along the company's track. The combination is placed on a platform car and can be taken to any point of the road where it is wanted for use.

"The middle cars are always the safest on a railroad train," said a commercial traveler to our reporter. "They do not receive a destructive blow from either a front or a rear collision; if the engine leaves the track they usually remain in place, and they are never snapped off, as the rear car sometimes is. Almost the only case in which the middle cars suffer is when they are thrown off the track by the breaking of a coupling or of some part of the running gear, and that is as likely to happen to one part of the train as another."

For years there has been a good deal of jarring between the railroads and shippers of perishable articles which must be iced when in transportation. The trunk lines have taken the matter up and have passed a resolution, which was indorsed by the Central Traffic Association, and which took effect Tuesday, which will settle the question beyond controversy, giving no shipper of poultry or other perishable articles any grounds of complaint for discrimination. In accordance with the vote of the joint committee, the following rules will govern in the shipment of perishable articles: "Shipments of dressed poultry and fresh fish in packages, iced, shall be carefully weighed at point of shipment under such supervision as the chairman and vice-chairman of the joint committee may deem necessary and proper. During the period April 1 to November 30, inclusive, such shipments may be billed at the actual gross weight, less twenty per cent. During the period December 1 to March 31, inclusive, the full gross weight shall be charged."

WORKING HIS WAY.

A writer in the Boston *Transcript* tells of a young man who is likely to make his way in the world: "Spending a Sunday recently with a friend in a delightful summer resort, we happened to be sitting on the veranda as a milkman's wagon drove up. The milkman, a sturdy young fellow of pleasant face, dismounted, rang a bell by way of warning to the maids of the vicinity to get their pitcher's ready, and then started around with his cans and his pint measure. As he passed around to the back door of the cottage our friend saluted him as one gentleman salutes another. And when the milkman had gone the other said:

"That young man is a member of the class of '90 at Harvard College."

"Indeed?"

"Yes. He is carrying himself through entirely by his own exertions, and he takes this way of helping himself out. I dare say he makes enough money selling milk at a good figure to the people here in the summer time to pay the greater part of his expenses for the remainder of the year at Cambridge."

"Does he water his milk?"

"Not perceptibly. It is very good milk, and I have no doubt he is as honest as the business allows."

A young man in the house who belongs to the class below the milkman's in the college testified to the excellent standing of the young man at Harvard

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

The tombola of lottery in connection with the Paris exposition does not seem to go.

"Give Him $2 and Let Him Guess."

We once heard a man complain of feeling badly and wondered what ailed him. A humorous friend said, "Give a doctor $2 and let him guess." It was a cutting satire on some doctors who don't guess right. You need not guess what ails you when your food don't digest, when your bowels and stomach are inactive, and when your head aches every day, and you are languid and easily fatigued. You are bilious, and Dr. Pierce's Purgative Pellets will bring you out all right. Small, sugar coated, easy to take. Of druggists.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremly low prices, 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them, in fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 20c per pound, this is the same price as a pound of Rio Coffee and it will go twice as far. Our very best Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea as low as 10c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 30c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once see it.

THE SUGAR MARKET

in consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rises in 90 days was equal to 10 per cent, but in the last 30 days the tendencdcy has been downward, and we have reduced all goods 1c lb, from the highest point we quote now:

Crushed and Powdered, 9c lb. Cut Loaf and Granulated, 9c lb.
Standard Coffee A., 8½c lb. Choice Yellow Extra C., 7½c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—viz—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffee's 2c below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 25c lb; Choice Roasted Rio, 23c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

CALIFORNIA FRUITS CANNED AND DRIED.

California Dried Apricots, 20c lb; California Peeled Peaches, 25c lb; California Nectaries, 20c lb; California Unpealed Peaches, 9c lb; California Silver Prunes, 15c lb; California Pitted Plums, 16c lb; California Canned Peaches, Extra Crawfords, 25c can; California Apricots, can, 20c; California Bartlett Pears, 25c can; California Green Gages, 22c can; California Egg Plums, 20c can; California White Cherries, 28c can.

Bread made from flour dough is by no means a universal article of food. In rice-eating China bread is seen only on the tables of the rich. Spanish-American Indians subsist chiefly on bananas. Several hundred million Hindoos stick to rice and millet porridge, and numerous tribes of African savages to tree-fruits and edible roots.

IT IS VERY CLOSE!

The Democrats Elect the Governor and Carry the Legislature in Montana.

HELENA, Mont., Oct. 3.—At this hour, 2 a. m., it is impossible to tell which of the candidates for congress is elected. The legislature is democratic by ten majority on joint ballot and all the important state offices go to the democrats.

10 a. m.—The election of Toole for governor by a majority of 400 is claimed by the democrats. They concede Carter's election for congress by 900 majority. The legislature is claimed by the democrats by eleven on joint ballot. The republicans claim the election of Power over Toole by 300 majority, and also claim the legislature by a small majority. The republicans have probably elected all the state ticket below governor.

Returns from outside precincts are coming in very slowly. Carter's (rep.) election to congress, is now conceded by the opposition. Both sides still claim the governorship. It may require the official count to determine the question, so close is the race between Power and Toole.

The legislature still hangs in the balance. If Seven Bow county gives but three republicans out of eleven the legislature will be all right. The majority of the state ticket is republican, but big figures have been knocked into splinters. Most of the Lewis and Clarke counties republican tickets have have been elected by small majorities. The count is proceeding slowly in larger precincts and it will be hours before any definite calculation may be made with safety.

MITCHELL, S. D., Oct. 3.—Judge Edgerton has advices from legislative returns which insure his election to the senate.

GRAND FORKS, S. D., Oct. 3.—Latest returns indicate prohibition was carried by a small majority. The vote is very close and the matter cannot be definitely settled until several of the back counties are heard from.

SIOUX FALLS, S. D., Oct. 3.—The selection of Pierre as capital of South Dakota is now conceded here. To the fact that this city had a sensational candidate in the field is ascribed the defeat. Latest returns show Pierre, 10,564; Huron, 14,328; Sioux Falls, 10,038.

THREW A BOMB.

An Attempt Made to Blow Up a Slaughter House.

NEW YORK, Oct. 3.—Shortly after 8 o'clock this morning the neighborhood of West Fortieth street and 118th avenue was thrown in wild excitement by the loud explosion of what afterwards proved to be a dynamite bomb. An investigation was made and it was learned that an attempt had been made to blow up the slaughter house of J. & C. Scanlon, 613 and 615 West Fortieth street.

The bomb was thrown into an open window, and, striking a partition, knocked it into splinters. No one was injured. As far as could be learned the bomb was thrown by one of the strikers that went out from the slaughter house last February. The damage to property will be about $500.

DAYTON, O., Oct. 3.—Workmen in a natural gas trench yesterday tapped the mains and escaping gas was ignited from a passing electric car. Immediately the trench was filled with roaring flame and the men climbing out were terribly burned. Two of the workmen were blinded and Foreman Fritz Martin's face was literally cooked.

THE OLD STORY.

He Lived Beyond His Means and Became a Thief.

MERIDEN, Conn., Oct. 3.—Charles S. Pratt, confidential book-keeper, secretary and cashier of the H. Wales Lines company, was arrested last night for embezzlement, and this morning the preliminary hearing was continued for two weeks, under $4,000 bonds, which he did not secure. Pratt's embezzlement amounts to over $10,000, covering various periods since 1882, and was accomplished by false entries on the pay roll. Pratt confessed his guilt to his employes, saying: "It is the same old story of living beyond one's means. I am a thief."

Justice Field.

NEW YORK, Oct. 3.—Justice Field, of the United States supreme court, accompanied by his brother, Cyrus W. Field, arrived in this city last evening from the Berkshire hills, where they have been visiting the old family homestead for a week. They were accompanied by Deputy Marshal Nagle, who is still under orders to travel with the judge.

MISS RUTH M. WELLS.

Death of a Pioneer Christian Lady—Sketch of Her Life.

Last night, at the old homestead, at the junction of Madison, Barr and Lewis streets, occurred the death of Miss Ruth M. Wells, aged eighty-two years.

Miss Wells has resided in this city for fifty-three years, and when Fort Wayne was a village she conducted a millinery business on East Columbia street.

She was possessed of considerable property. It is said her will gives the homestead, on which she lived, to the city if it will erect and maintain thereon an asylum for the blind. Her nearest relative is a nephew, Herman Wells, living in St. Louis. The funeral occurs to-morrow afternoon.

She was a noble, Christian lady. Her interest in the blind was due to the fact that her mother was thus afflicted for years. The will will not be opened until after the funeral.

Before her death she wrote a sketch of her life, not for publication, but for a friend who requested it, and from this manuscript we are allowed to quote, using however only a part of it:

DEAR FRIEND:

You ask me to tell you something about my past life. I was born February 21, 1808, in the town of Canaan, Litchfield county, Conn.

When I was nine years old my parents moved to eastern New York. There I spent most of my school days. When I was seventeen years old my father moved to western New York and purchased a farm. Here I taught school for two seasons and afterwards attended a high school for one season.

As school teaching did not suit me, I set up a dressmaking and millinery establishment and continued in it for twelve years, and in 1844 we came to Fort Wayne.

I was brought up a Presbyterian and in early life made a profession of religion, but did not join church until I united with the Universalist church in this city.

FAULKNER GUILTY!

The Jury in the Great Case Return a Verdict—History of His Crime.

BUFFALO, N. Y., Oct. 3.—The great Faulkner trial, which occupied fifteen days of the time of the United States circuit court, came to an end this morning, and, contrary to all expectations, General Faulkner was found guilty on the eighteenth court contained in the indictment. This count charged General Faulkner with making the report of May, 1888, to the comptroller of the currency, which report was false.

The crime for which General Faulkner was tried was the wrecking of the First National bank of Dansville, N. Y., of which he was a director and his brother James the president. The bank failed in May, 1887, with a liability of over $400,000, and practically no assets.

The bank had been in a bad condition for four years or more, but by making false reports fixing the books and negotiating loans on notes of the banks, the institution was floated until things got so bad that nothing could be done but close the doors. James Faulkner fled to Europe, but Lester Faulkner remained at home, claiming that he was ignorant of the bank's condition and had no hand in its wreck, but was subsequently indicted.

Judge Coxe this afternoon sentenced General Faulkner to seven years' imprisonment.

Kuhn is but twenty-three years of age, was a clerk in a large packing house in New York, and a few months ago was promoted to the position of cashier. The first day after his promotion he took all the money he could get his hands on, and ran away. He became penniless here and gave himself up.

BAYLESS SWIFT.

After Sixteen Years Connection With a Law Business, He Goes to the Pacific Coast.

Mr. Bayless Swift has resigned his position as clerk in the office of Bell & Morris and has been succeeded by Mr. John Foulkner, a graduate of the business college of McDermut & Whitleather.

Mr. Swift first entered the employ of Coombs & Millar sixteen years ago. This same Miller, by the way, is W. H. H. Miller, the recently appointed attorney general.

Mr. Swift remained during the several changes of the firm to Coombs, Morris & Bell, Coombs, Bell & Morris and finally leaves the employ of the firm known as Bell & Morris.

There is no man better known in legal circles hereabouts than Mr. Swift. Although he is well posted on technical questions of law and has brilliant attainments, he was modest about it. Other people found it out for him.

He resigns to go to the Pacific coast, from whence he came when he accepted the position he now leaves.

After sixteen years among archives of a lawyer's office in Fort Wayne, he leaves behind pleasant memories and a large number of friends.

THE SENTINEL expresses a wish that he may find a congenial home in the Golden state.

FROM FAME TO POVERTY.

The Sad Circumstances Surrounding Mr. and Mrs. George S. Knight.

Last evening, at the Temple, Mrs. George S. Knight played to an audience of about 200 people. Her engagement here was a losing one, notwithstanding the efforts of several gentlemen who purchased seats liberally and exercised their influence in her behalf.

Mrs. Knight has played before large audiences through the country and has night after night evoked enthusiasm and favorable comment by her vivacious acting, agreeable singing and handsome costumes and it seems a pity that under the existing financial conditions and and her domestic troubles that she was not accorded a better reception than that of last evening.

Her husband is now at Asbury Park, N. J., under the care of a prominent physician and he is dying of softening of the brain. When he and his wife started out with "Baron Rudolph" they had nearly $50,000 in bank.

To-day they are the same as penniless, for Mrs. Knight is out on her ventures at the expense of a man in the cast who has faith in her powers as an actress.

NEW MAIL BOXES.

They Will Keep Letters Dry and Can Not Be Robbed—To Be Placed in This City.

Postmaster Higgins is in receipt of a letter from the postmaster general to the effect that new street mail boxes will be placed in position in this city as soon as a sufficient number can be manufactured for delivery.

The new street boxes have been adopted by the postmaster general. The patent was obtained by Willard D. Darmus, and was applied for as a result of a circular sent out by the democratic authorities.

The department is dissatisfied with the present box not only because it gives but little protection against the weather, but also because newspapers can not be placed in it. Everyone knows the custom of piling newspapers on letter boxes.

The construction of the new box is odd, and is so arranged that robbery is impossible. A feature of it is that a disk marks the hour at which the mail will be collected.

The whole thing is simple yet effective. It is strong and is not apt to get out of order.

THE OLIVER HOUSE.

Mike and Jennie Wickliffe, True to Their Promise, Take Steps to Clear the Bad Name of Their House.

Mike and Jennie Wickliffe, true to their promise, have sent away the giddy females from their establishment, and they say that hereafter the Oliver house will be conducted as a respectable hostelry.

It is to be hoped that the stain on this house of ill repute will be removed and that if Mr. Wickliffe and wife are sincere in what they assert, they will be encouraged in their reform.

It is understood that the girls of the hotel left yesterday for Colorado.

W. H. Hoffman and family have returned home.

OHIO HORROR!

AN ADVERSE DECISION.

An Ohio Judge Gives the Standard Oil Company a Black Eye.

FINDLAY, O., Oct. 3.—In the Hancock county court yesterday Judge Pendleton delivered an opinion adverse to the Standard Oil company in the famous injunction suit of that county against the Toledo, Findlay and Springfield railroad company. The court denies the legality of the position taken by the Standard company that their leases of oil and gas lands included the right to control the surface to such an extent as to prevent the owners from giving or selling the right of way across it for a railway on other highways. The Standard company will appeal the case to the circuit court.

THE TEXAN WAY.

A Fatal Duel in the Street Between Two Ex-Sheriffs.

LLANO, Tex., Oct. 3.—Some time ago trouble arose between W. L. Besson and Harry Roberts, both ex-sheriffs of this county. Yesterday the two men met on the street and commenced firing at each other. Two bullets struck Besson in the body and one in the head, killing him instantly. Roberts was fatally wounded. It is feared that the trouble will be taken up by friends of both parties and that further bloodshed will occur.

The guardians' docket will be called next Monday morning. Guardians in default will be expected to report at that time.

The circuit court jury for the ensuing term has been drawn. This jury, outside of the challenged persons, will serve on the Barrett murder trial, and the vacancies will be filled by persons from the special venire. The jury is as follows:

Wm. B. Reed, Adams township.
John Thimler, Milan.
Perry Johnson, Eel River.
John M. Shiver, Pleasant.
Thomas Greer, Pleasant.
Samuel K. Watterson, Eel River.
Franklin Roberts, Springfield.

A DISTRESSING ACCIDENT.

Ex-Postmaster Muller, of Leo, With His Wife and Baby, Thrown From a Vehicle—The Baby Injured.

This afternoon ex-Postmaster Muller, of Leo, was about to drive his team up to the wholesale house of A. C. Trentman when the horse shied and became unmanageable. The animal turned short at the corner of Washington street, upsetting the wagon and throwing Mr. Muller, his wife and baby violently to the pavement.

Mr. and Mrs. Muller were uninjured, but the child was extricated from the wreck with blood trickling down its head, and it is feared the injury is very serious.

A buggy belonging to Mr. A. D. Crossler was struck and had a wheel taken off.

Mrs. A. Schulta, the southside milliner, has just returned from Cleveland, where she visited a French millinery pattern room, and also selected a fine line of American millinery. Mrs. Schulta invites inspection of her fall stock, as there is no better in the city. Prices to suit all. 3-2t

Removed.

The general offices of the Fort Wayne, Cincinnati and Louisville railroad—"Muncie Route"—are now in the Trentman building, right in the center of the city, where all who are contemplating a journey in any direction are invited to call for information.

TANSILL'S PUNCH 5¢

Fort Wayne Sentinel.

E. A. E. Hackett, Editor and Proprietor.

THURSDAY, OCT. 3, 1889.

Fort Wayne will have free natural gas until November 1.

The Thanksgiving turkey has about eight weeks longer to live.

The people of Indiana favor Chicago as the proper location for the world's fair.

The senatorial aspirations of the president's son, Russell Harrison, are dashed to the earth by Montana's election.

The Sentinel sends its greetings to the old soldiers who are holding a reunion in the city to-day. The nation's soldier heroes will always hold a sacred place in the hearts of Americans.

It is the opinion of a good many people, in and out of Indiana, that Mr. Roberts, the governor's private secretary, would fill the gubernatorial chair quite as gracefully as his excellency.—*Yesterday's Fort Wayne Daily News.*

What does that mean?

The four new states bring in an area about equal to that of all New England, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, West Virginia, Ohio, Kentucky and Indiana. It is an area three times as great as the British Isles.

Ex-Governor John A. Martin, of Kansas, died yesterday. The deceased was prominent in Kansas politics and had long been identified with the republican party in that state. His term of governor of Kansas expired last year. He was also editor and proprietor of the Atchison *Champion*.

A number of the survivors of the Indiana legislature of 1861 have issued a call to other members and officers of that turbulent period to join them in a reunion November 26, 1889, at Indianapolis. Their object in issuing this call is to form a permanent organization and keep it up as a social organization, and also take suitable action towards paying some formal tribute to the memory of those who have passed away.

The owners of natural gas lands leased to the Standard Oil company, in this state and Ohio, are astounded and alarmed by the claim of the company that it is entitled to the control of the lands for all purposes except agricultural uses. This claim is set up in an Ohio court, in the matter of the right of way for a railroad through some of these lands, the company resisting the grant from the land owners.

The Evangelical Alliance for the United States will hold a national meeting in Tremont Temple, Boston, the 4th, 5th and 6th of December next. An attractive program has been prepared, including the names of many eminent clergymen and laymen. The alliance conference met at Washington two years ago, and the meeting attracted much attention and was productive of good results. It is expected this assembly will excite even greater interest than the other.

Another of Harrison's appointees—and from Indiana—has come to grief. C. Hornady, recently appointed to a lucrative timber inspectorship, has been indicted by the Green county grand jury for obtaining money under false pretenses. He represented to Thomas J. Pickard, it is said, that he owned 1,200 acres of land and 1,005 head of cattle, and on this statement Pickard sold him a lot of cattle. It has been ascertained that Hornady had neither land nor cattle.

After the admission of the two Dakotas, Washington and Montana there will still remain five territories that will be candidates for admission. Four of these have at some time formulated constitutions that have been left to season. Two of these, Idaho and Wyoming, are now engaged in changing their constitutions. The third one, New Mexico, is about to engage in the same work. The question of the admission of the five territories will probably come before congress at the next session.

Benjamin C. Jones, only son of the Chicago millionaire street railway magnate, Jerusha Jones, has been adjudged insane and committed to the state asylum at Kankakee. Dissipation was the cause of the young man's mental wreck. About six years of champagne, absinthe and their accompaniments affected the result. Meantime, he lost nearly a quarter of a million of dollars on the board of trade. As an expedient to check his excesses marriage to a worthy woman was tried, but proved of no permanent avail. Recently young Jones developed a mania for extravagant purchases, spending in six weeks, during the absence of his father, $25,000 for personal apparel and similar objects of outlay. One of his orders was for 38,000 worth of fire works, representing scenes from "Little Lord Fauntleroy." As if to make matters worse, suicidal tendencies were fast becoming manifest in the millionaire's son. Thursday last he was adjudged a lunatic. The wealthy father bore up until the proceedings were ended, and then he had to be borne from the judicial chamber in hysterics.

A PROMISING PILGRIMAGE.

How Fort Wayne Commandery Will Go to the Triennial Conclave of Knights Templar and Who Will Attend.

The much talked of and much prepared for pilgrimage from all parts of the country to the triennial conclave of the Knights Templar to be held at Washington, D. C., next week, is just now exciting a great deal of interest.

Fort Wayne Commandery No. 4, will leave this city Saturday evening, about 8 o'clock, on a train of eight vestibuled cars, having at their disposal two magnificent combined sleepers and drawing room cars, just out of the shops. This train will be the most elegant one run over the Pennsylvania line.

The train will afford accommodations to the commanderies of Valparaiso, Plymouth, Warsaw, Lima and Fort Wayne only.

The commandery quarters at Washington are at Mrs. Kessler's, 1404 H. street, northwest, corner Fourteenth street.

At the Indiana headquarters, Monday evening, Fort Wayne commandery will entertain, on behalf of Indiana, between the hours of 6 and 10 o'clock. The sum of $5,000 is contributed for this purpose.

The Sentinel is able to give a correct list below of those who will go from here so far as known at present. Others will report later. The list is as follows:

Charles D. Law, eminent commander, and wife; Charles E. Reed, generalissimo, and wife; Henry W. Mordhurst, captain general; Joseph L. Gruber, prelate, and wife and daughter; James M. A number of the persons attending will go to New York and other places before returning home. The grand parade of the Knights will take place at Washington Monday morning and the conclave will last four days.

FACTS ABOUT THE ORDER.

The following facts regarding the Knights' Templar conclave and the body which is to hold its celebration, may interest the public:

The grand encampment of the United States was organized June 22, 1816. It is invested with power to regulate the order in general, the state grand body reserving to themselves certain rights of local government. It has the power to charter individual commanderies of Knights Templar in districts where there is no grand or state body and has supervision over the question of uniformity in action and regulation. The "Religious and Military Order of Knights Templar" dates back to the crusades. Although the present system differs entirely from the objects of the original Knights Templar, still many, if not all, the ceremonies have been maintained. The original order, which was for the protection from the Saracens of pilgrims visiting the Holy City, which was founded by Baldwin II, King of Jerusalem in the year 1118. From this year the order reckons, therefore the present Templar year is A. O. 771. Hugues de Paynes was the first man of this order, and is regarded by many as the founder. Men belonging to the noblest families of Europe became members of the order, and in 1128 the popes—for the Roman pontiff then recognized the Knights—issued rules and regulations, prepared expressly by St. Bernard, for its governance. Despite persecution the order has existed to the present time, although its ostensible objects have been changed. Jaques de Molay, the grand master then become wealthy, was martyred by Phillip of France and Pope Clement, but before his death named his successor. Since that time the list of grand masters has not been broken. There are said to be over one hundred thousand members of the order in the United States.

Impurities of the blood often cause great annoyance at this season; Hood's Sarsaparilla purifies the blood, and cures all such affections.

SECOND POINT

You should read The Chicago Daily News because *you have the time to read it.* There is no paper published in Australia which is as large as a blanket. This wouldn't suit you. You want a newspaper at once convenient, complete and condensed, and still you don't want to overlook anything of real importance. You don't want your neighbor to say to you, "You read so-and-so in to-day's paper? and he obliged to answer, "No, I didn't see that," and then have him ask you, "What paper do you read?" This will never happen to you if you read The Chicago Daily News.

MIRRORING THE NEWS

As Found Around the Railroads and Manufactories of the City by our Reporter.

A new platform is being laid at the Pittsburg freight building.

Ernest Tagtmeyer has taken a position in the Pittsburg car shops.

Charles Fitch, of the Jenney Electric Light company, is at Pittsburg.

The office of the Pittsburg blacksmith shop is being fitted up in style.

District Passenger Agent Wade, of the Wabash, was in the city yesterday.

A number of Fort Wayne people went to Kendallville this morning on the Grand Rapids.

H. M. Coffinberry, superintendent of the Baltimore and Ohio at Garrett, was in the city last night.

Rudolph Bensman has resigned as foreman at the Bass boiler shops to accept another position with the firm.

The morning train on the Grand Rapids, going north, to-day had five special coaches for those going to the Kendallville fair.

General Manager Saul and General Passenger Agent Fisher, of the Muncie, are now "at home" in their new offices in the Trentman block.

Oscar J. Fraiken, of the Bass works, had his hand quite badly mashed yesterday while loading a car of castings. He is off duty in consequence.

The pay days of the manufacturing establishments and railroads will commence next week. The first on the list is that of the Bass foundry and machine works.

C. C. Ellenwood, of the Pittsburg blacksmith shop, had his thumb mashed while at work yesterday. He is doing duty to-day as gate-keeper with his hand bandaged.

Will Bensman, clerk at the Bass boiler shops, has become a close student of Shakespeare. He is an admirer of the character of "Hamlet" and is said to surpass Booth in rendering some of Hamlet's soliloquies.

James Chamberlain, watchman at the blacksmith department entrance to the Pittsburg shops, is off duty to-day attending the reunion of the Forty-ninth Indiana battery, of which he was a member during the war.

Frank Kenoy, formerly with the Fort Wayne iron works, has taken the foremanship of the Bass boiler shops and assumed the position to-day. He is familiar with the duties and will make an excellent man for the position.

Locomotives are said to be cheaper now than ever before. Fine locomotives of 106,000 pounds weight can be had for $9,000, which hitherto cost $10,200, and passenger engines, weighing 91,000 pounds, can be built at a cost of $8,700.

Thomas Gallagher is the oldest passenger conductor on the Pennsylvania system, having been in the service of the company in that capacity forty-four years. Since becoming advanced in years he has been given an easy train to look after, one which runs from Jersey City to Brunswick.

The railroad shops of the Baltimore and Ohio at Sandusky, have been removed to Chicago Junction. Eighty men have been employed, and they will be transferred to other points. This removal will be made about the 10th inst. The officials say that this is done to curtail expenses.

James W. Smith, a young man formerly in the employ of the Nickel Plate railroad, has been adjudged insane at Joliet, Ill., and sent to the asylum at Kankakee, Ill. He was discharged from the company's service for drunkenness. He then became very dissipated and this led to his insanity.

The pay roll of the Pennsylvania lines west of Pittsburg is estimated as high as $1,250,000 a month, of which one-half is distributed among the employes of the northwest system and the remainder is absorbed by the salaries and wages on the Pan Handle and Chicago, St. Louis and Pittsburg systems.

Herman Hobrock, who is quite a genius in his way, and one of the most useful men about the Pittsburg shops, has arranged an engine and boiler with a sawing arrangement attached for cutting up old railroad ties and other lumber along the company's track. The combination is placed on a platform car and can be taken to any point of the road where it is wanted for use.

"The middle cars are always the safest on a railroad train," said a commercial traveler to our reporter. "They do not receive a destructive blow from either a front or a rear collision; if the engine leaves the track they usually remain in place, and they are never snapped off, as the rear car sometimes is. Almost the only case in which the middle cars suffer is when they are thrown off the track by the breaking of a coupling or of some part of the running gear, and that is as likely to happen to one part of the train as another."

For years there has been a good deal of jarring between the railroads and shippers of perishable articles which must be iced when in transportation. The trunk lines have taken the matter up and have passed a resolution, which was indorsed by the Central Traffic Association, and which took effect Tuesday, which will settle the question beyond controversy, giving no shipper of poultry or other perishable articles any grounds of complaint for discrimination. In accordance with the vote of the joint committee, the following rules will govern in the shipment of perishable articles: "Shipments of dressed poultry and fresh fish in packages, load, shall be carefully weighed at point of shipment under such supervision as the chairman and vice-chairman of the joint committee may deem necessary and proper. During the period April 1 to November 30, inclusive, such shipments may be billed at the actual gross weight, less twenty per cent. During the period December 1 to March 31, inclusive, the full gross weight shall be charged."

WORKING HIS WAY.

A writer in the Boston *Transcript* tells of a young man who is likely to make his way in the world: "Spending a Sunday recently with a friend in a delightful summer resort, we happened to be sitting on the veranda as a milkman's wagon drove up. The milkman, a sturdy young fellow of pleasant face, dismounted, rang a bell by way of warning to the maids of the vicinity to get their pitcher's ready, and then started around with his cans and his pint measure. As he passed around to the back door of the cottage our friend saluted him as one gentleman salutes another. And when the milkman had gone the other said:

"That young man is a member of the class of '90 at Harvard College."

"Indeed?"

"Yes. He is carrying himself through entirely by his own exertions, and he takes this way of helping himself out. I dare say he makes enough money selling milk at a good figure to the people here in the summer time to pay the greater part of his expenses for the remainder of the year at Cambridge."

"Does he water his milk?"

"Not perceptibly. It is very good milk, and I have no doubt he is as honest as the business allows."

A young man in the house who belongs to the class below the milkman's in the college testified to the excellent standing of the young man at Harvard.

Miss Lois Royce, the young schoolteacher who lost both her feet in consequence of her heroic fidelity to her pupils during a blizzard, can now walk on the artificial feet sent her. She is doing well in her studies at Cornell College, Mount Vernon, Iowa, where she is taking a four-years course.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle *Free*, that they may try it before purchasing. The large bottles are 50c and $1.00. We certainly would advise a trial. It may save you from consumption.

The tombola of lottery in connection with the Paris exposition does not seem to go.

"Give Him $2 and Let Him Guess."

We once heard a man complain of feeling badly and wondered what ailed him. A humorous friend said, "Give a doctor $2 and let him guess." It was a cutting satire on some doctors who don't guess right. You need not guess what ails you when your food don't digest, when your bowels and stomach are inactive, and when your head aches every day, and you are languid and easily fatigued. You are bilious, and Dr. Pierce's Purgative Pellets will bring you out all right. Small, sugar coated, easy to take. Of druggists.

CHRISTMAS TREE CANDLES

We have an immense supply and this year at extremely low prices. 15c a Box.

AND IN OUR TEA, COFFEE AND SUGAR DEPARTMENT

Our increase in them is very great since removing to the new place. The high price of Coffee is inducing a good many to use Teas, as there has been no advance in them. In fact Teas are lower now than they have ever been in the history of the trade, a good Tea can now be bought for 25c per pound, this is the same price as a pound of Rio Coffee used to sell at, or in fact a very good Tea is 50c per pound, just the same goods that sold a few years ago at $1.00 per pound. We also have a common Japan Tea, as low as 50c per pound, this we sell little of, our best goods are so cheap that most of the trade prefer the best.

Young Hyson Tea 20c lb, choice 30c and 40c lb, best 50c lb.
Gun powder Tea, very choice, 40c lb, best 50c lb.
Oolong or Black Tea, 20c lb, 30c lb, best 50c lb.
Imperial Tea, choice 30c lb, very best 50c lb.
Japan Tea, common 10c lb, choice 30c lb, best 50c lb.

The 30c Japan Tea can not be beat. In fact, it will make as good a draw as the 50c, and few can tell the difference. It is sweet, high flavored and a rich drawing Tea. It is a lot of 50 chests we purchased of a New York house in closing out at half the usual price. No charge for trying it. You will try two pounds in place of one when you once use it.

THE SUGAR MARKET

In consequence of the movements of the sugar trust, sugar has been subject to severe fluctuations and the rise in 30 days was equal to 12 per cent, but in the last 30 days the tendency has been downward, and we have reduced all goods 1c lb from the highest point we quote now:

Crushed and Powdered, 6c lb. Cut Loaf and Granulated, 6c lb.
Standard Coffee A., 5½c lb. Choice Yellow Extra C., 5¼c lb.

COFFEE, RIO AND JAVA.

The same influences that governed the sugar market has also controlled the coffee—via—a coffee trust—and the price has been advanced and maintained the last year, in the face of a large crop and abundant supplies. There is now a prospect of a declining market. We are still selling our coffees at below the market prices:

Choice Green Rio, 20c lb; Best Old Government Java, 25c lb; Choice Roasted Rio, 22c lb; Best Roasted Package Sampson Brand, 24c lb; Jersey Coffee, Roasted in Packages, 24c lb; Leverings Coffee, Roasted in Packages, 24c.

CALIFORNIA FRUITS CANNED AND DRIED.
